ASSEMBLY INSTRUCTIONS

OLYMPIC PLATE TREE

A. SAFETY INSTRUCTIONS

- Read all cautions/warnings and obtain proper instruction on use of the machines prior to using. Use appropriate positioning and controlled movements.
- Assemble and operate the machine on a solid, level surface. DO NOT use outdoors or near water.
- Never allow children on or near the machine.
- Make sure all fasteners are properly tightened for safety. DO NOT use the machine if the unit is disassembled in any way.
- DO NOT use any accessories that aren't specifically recommended by the manufacturer. These might cause injuries or cause the unit to fall.
- Close supervision is necessary when this machine is used by, on, or near adolescent, invalids, and disabled persons.
- Never drop or insert any object into any opening.

B. INTRODUCTION

C. LIST OF PARTS

1. One L Shaped, M5 hex wrench
2. One L Shaped, M6 hex wrench
3. One double-end open wrench, 8mm and 17mm
4. Two main frames
5. One upper connector
6. One lower connector
7. Twelve weight plate rods

D. ASSEMBLY INSTRUCTION

Weight plate rod installation (4 rods as shown)

Step 1: Insert weight plate rod into the main frame.

Step 2: Secure with screws provided.

Step 3: Repeat step1-2 for installation of the other 3 weight plate rods.

Notes: If end caps come loose during assembly, press them back in again.

Fig.1

Connector installation:

Step 1: Assemble the upper connector onto two leg frames by loosely securing the hardware.

Step 2: Assemble the lower connector onto two leg frames by loosely securing the hardware.

Step 3: Secure all hardware provided.

Fig.2

Fig.3

Weight plate rod installation (the other 8 rods)

Step 1: Insert weight plate rod into the main frame.

Step 2: Secure with screws provided.

Step 3: Repeat step1-2 for installation of 7 weight plate rods left.

Notes: If end caps come loose during assembly, press them back in again.
